Curtis,

Since you may have no idea as to where Mort Roth's approval applies, it is for the "Anchor Away" personal story on the 15th web site. Mort was the S3 during 8/67 and 8/69 for the 15th Engineer Battalion, Combat, 9th Infantry Division.

Let me know if there is any problem and I will help you identify names, times and places for 15th operations. I may be inaccurate but I will give you my best shot.

Regards,
Dick Coogan (Webmaster - http://15thengineer.50megs.com)
