ANNEX A (Emergency Information) to HQ 7, USATCINF and Fort Ord, Calif

1. PERSONNEL:

   a. Incidents involving serious injury to persons, severe damage to property or serious crimes committed by military personnel while enroute to the POE will be reported through the nearest military authorities to this headquarters by the most expeditious means. Reports will contain the following information:

      (1) Nature of incident.
      (2) Time and location.
      (3) Personnel involved.
      (4) Disposition of injured personnel.

   b. Deaths occurring while enroute to the POE, Troop Commander will contact the nearest medical facility for disposition of remains. Troop commander will report information required to Appendix 1, AR 600-27, to the Commanding General, Fort Ord, California, and the Commanding General, Continental Army Area in which the death occurs.

2. MEDICAL EVALUATION AND HOSPITALIZATION:

   a. Hospitalization and evacuation: Medical treatment facilities enroute will be used in the following priority:

      (1) Army medical treatment facilities.
      (2) Air Force or Navy medical treatment facilities.
      (3) Medical treatment facilities of federal agencies outside Department of Defense.
      (4) Civilian medical treatment facilities including civilian physicians.

   b. Procedures:

      (1) Military installations: Routine admissions procedures apply.

      (2) Federal agencies outside Department of Defense: Unit commander's request for treatment will include the following information:

         (a) Name, grade, organization, service number.
         (b) Patient's home station.
         (c) Nature of treatment desired with diagnosis, if known.
         (d) Reasons for requesting medical care outside Department of Defense, i.e., emergency, remoteness of Department of Defense facilities, etc.
         (e) Name and address of person to be notified in case of emergency or death.
(f) Disposition instructions upon completion of treatment.

c. Emergency treatment and hospitalization in civilian agencies.

(1) When sufficient emergency exists to require hospitalization of military personnel at civilian hospital, notify the Commanding General of the Army area where the hospital is located, ATTN: Surgeon, by most expeditious means. Report will include the following information:

(a) Name, grade, service number, parent unit and home station of patient.

(b) Name and location of installation where hospitalized and telephone number.

(c) Name of attending physician, if known.

(d) Date of admission and diagnosis, if known.

(2) Information copies of all messages will be furnished the Commanding General, Sixth United States Army, Presidio of San Francisco, ATTN: Surgeon; and Commanding General, Fort Ord, California, ATTN: Surgeon.
