1. General: The personnel objectives for the phase-down are:
   (1) Maintain unit strengths at appropriate levels during phase-down.
   (2) Insure that adequate personnel services are provided during all segments of the phase-down.

2. Maintenance of Unit Strength: Personnel needed to accomplish the phase-down operation should be reported to this headquarters with recommended dates for reassignment. Personnel in excess to unit needs during this period should be reported to this headquarters for immediate reassignment.

3. Personnel Management:
   a. Personnel actions. Personnel actions of all types will continue to be processed without interruption due to unit phase-down. All personnel will remain resources of the Medical Command and thus all requests for RDA, ordinary leave, and other personnel actions should continue to be submitted within appropriate time frames.
   b. Missing Persons. All files pertaining to persons missing as a result of hostile action will be transferred by the unit to their next higher headquarters.
   c. Personnel Pending Elimination Action:
      (1) Immediate and positive action will be taken to ensure that all elimination cases are closed prior to unit's phase-down.
      (2) Personnel for whom elimination cases cannot be closed prior to unit phase-down will be reassigned (with flagging action maintained) by this headquarters.

4. Development and Maintenance of Morale:
   a. Decorations and Awards.
      (1) Recommendations for service awards will be submitted on all deserving personnel who are within four months of their DEDOS. Action required on personnel not in the above category will be as follows:
         (a) For personnel who would be recommended for a service award if duty performance continued as to date, a letter stating the type of award and summary of duty performance should be completed and forwarded to this headquarters to be sent to new unit of assignment.

FOR OFFICIAL USE ONLY
6. Preparation and disposition of morning reports will be accomplished by Team A, 222nd Personnel Services Company.

7. Outprocessing: All personnel will complete normal outprocessing of unit prior to leaving. Clearance papers will be forwarded to this headquarters on all personnel reassigned in-country so that the Military Personnel Records Jacket may be properly closed-out. Insure that conduct and efficiency ratings are completed on all enlisted personnel.

8. Officer Efficiency Reports: All necessary OERs as the result of either change of rater or PCS of rated officer will be carefully controlled to insure proper completion prior to departure of rating personnel. All OERs should be consolidated and submitted to this headquarters at one time unless this will result in late submission.

9. To the extent permitted by security requirements, civilian employees will be provided sufficient information regarding phase-down actions which affect the status and tenure of their employment.

   (1) Local national employees paid from the following funds will not be terminated without issuance of a Standard Form 52 (Report of Personnel Action) authenticated by the servicing area civilian personnel officer.

      (a) Appropriated Funds (OMA)

      (b) Appropriated Funds (MCA)

      (c) Assistance-in-Kind Funds (except daily hire employees utilized

     FOR OFFICIAL USE ONLY
in accordance with USARV Reg 37-1)

(d) Nonappropriated Funds

(2) Upon receipt of initial phase-down instructions, commanders utilizing local national civilian employees will:

(a) Submit a Request for Personnel Action (Standard Form 52) requesting separation of all employees paid from funds enumerated above, to the appropriate servicing area civilian personnel officer. If the unit is phasing-down to another location in Vietnam, the Request for Personnel Action should state "Reassignment" for those employees assigned positions which will be a continuing need in the new location.

(b) In coordination with the servicing area civilian personnel officer, program release of employees to prevent required payment of compensation in lieu of advance notice of reduction in force.

(c) Prepare to release employees for interview and reassignment to vacant positions in organizations remaining in the immediate vicinity.

(d) Withdraw passes authorizing entry to a US facility upon termination of employment or reassignment of employees in accordance with Para 5, USARV Regulation 190-20.

(e) Close imprest fund accounts made available for payment of daily hire local nationals in accordance with Para 5, USARV Regulation 37-1. Insure that present funds and vouchers are returned to Fund Custodian to close out fund.

10. Special Services.

a. Special Service supplies and equipment, unserviceable property, and property on loan from other units and activities will be disposed of prior to the phase-down Lw current directives.

b. Motion Picture Service:

(1) Manager of Army and Air Force Motion Picture - Pacific Regional Office will be advised by letter (A2O 96309) or by telephone (MACV 4483/4328) the date the 16mm film account is to be closed.

(2) Motion picture projection equipment will be disposed of in accordance with applicable supply procedures.

c. Rest and Recuperation: The R&R program for personnel assigned to phase-down units will be continued without change. Orders will be honored by all MEDCOM units.

d. Instructions for the disposition of Special Services facilities, when applicable, will be issued by separate communications.

11. Unit Funds. Unit funds will be dissolved when strength is reduced to zero. On dissolution, cash, securities, and proceeds from fund owned property remaining after the liquidation of all outstanding obligations
