PART II

NARRATIVE SUMMARY

Two events of major significance occurred during the month. The first was the transfer of administrative control of 5th Communication Battalion to Commanding General, III Marine Amphibious Force on 16 April 1969. The other was the loss of ASP #1 on 27 April 1969. The destruction of the ASP and resulting damage to adjacent facilities, i.e., 7th Separate Bulk Fuel Company, III MAF Brig and Transient Facility/R&R Processing Center had a temporary adverse effect on the mission accomplishment of Force Logistic Command but sufficient flexibility and alternate facilities were available to allow the command to continue providing adequate support to the III Marine Amphibious Force. Complete details of this incident are contained in the attached supporting documents.
## PART III

### SEQUENTIAL LISTING OF SIGNIFICANT EVENTS

1. Summary of Events

   (2) RVN Extensions

   | April                 | 187        |
   | Accumulative RVN Extensions | 5,444     |

   (3) Transient Center

   | Total Occupancy        | 26,204     |
   | Daily Average          | 749        |
   | Monthly High (23Apr69) | 993        |
   | Monthly Low (29Apr69)  | 367        |
   | Total number of meals  | 55,943     |

   (4) Awards. The following awards were recommended for members of Force Logistic Command during April 1969:

   - Silver Star - 2
   - Bronze Star - 16
   - Navy Commendation Medal - 22
   - Navy Achievement Medal - 20
   - Air Medal - 4
   - Certificate of Commendation - 5
   - Purple Heart - 8

   b. Inspections

   (1) During the period, semi-annual inspections were conducted at Supply Battalion and Headquarters and Service Battalion.

   (2) These inspections represented the sixth and seventh inspections in the Commanding General's Spring Series.
c. Logistics

(1) Operations

(a) Fifteen supply updates were processed during the month with a total of 63,827 requisitions processed, 18,027 receipts processed and 44,338 shipping mats produced.

(b) The total number of transactions processed for the month was 731,452.

(c) The overall fill rate for the month was 50%, with the fill rate for RO Items being 53%.

(d) The roll back of assets from LSU-3, Chu Lai, has been completed.

(e) During April there were 400 unserviceable Secondary Depot Reparable Items prepared for retrograde to 3d Force Service Regiment. During this same period 1379 serviceable items were received from 3d Force Service Regiment.

(f) The Secondary Reparable Program took possession of Warehouse 27 on 15 April for purposes of Centralized Accounting and issues for Southern ICTZ. Sub Float MR221 has been closed out and all assets rolled back to Main Float at Warehouse 27.

(g) Third and fourth Echelon Maintenance Float achieved 64% assets on hand as of 1 April 1969.

(2) Overall Supply Situation. The only significant problem encountered during this period was the destruction of ASP #1, Danang on 27 April 1969. Approximately 38,000 short tons of ammunition were destroyed. Support of III MAF operations has not been diminished by the loss of ASP #1.

(3) Status

(a) No. of line items stocked 125,292
(b) No. of demands for stocked items 63,827
(c) No. of demands for non-stocked items 9,501
(d) No. of demands for stocked items filled 31,615
(4) Class III(A) and III (W)

(a) Situation. During the month of April, the overall posture remained good. On 7 April 1969, all fuel at the Blue Line was transferred to An Hoa. On 8 April, all 10,000 gallon tanks and 350 GPM pumps were removed from the Blue Line and the transfer site was closed. The transfer line across the Song Thu Bon River is still in place for future use. On 14 April, the Army Fuel site at Quang Tri pumped 76,000 gallons of JP-4 into Dong Ha storage tanks. This was the first time fuel had been pumped through the steel pipe line from Quang Tri to Dong Ha.

(b) Significant Problem Areas. On 13 April, due to an enemy rocket attack, Vandegrift Combat Base lost 1 - 10,000 gallon tank, 2 - Hose, discharge 4,150, and 35,000 gallons of JP-4. On 26 April, due to an enemy rocket attack, An Hoa lost the following equipment and fuel: 1 - 10,000 gallon tank, 1 - 800 gallon rigid tank, and 400 gallons of MOGas. On 27 April, 7th Separate Bulk Fuel Company, due to explosions at ASP #1, lost 4 - 10,000 gallon tanks, 16,000 gallons of MOGas, 16,000 of Diesel Fuel. The Bulk Fuel compound was heavily damaged and damage assessments are still being made at this time.

(5) Class V(A) and V(W)

(a) Situation. Destruction of the ASP #1 at Danang resulted in the loss of approximately 38,000 short tons of ammunition (23,000 Class V(W), 15 Class V(A)). Dollar value of Class V(W) loss was approximately $43,000,000. This loss resulted in the reduction of storage capacity at FLC ASP's by 23,000 short tons. Operational procedures have been implemented which enable FLC to continue routine supply support to III MAF units.

(b) The MAERU capability was also destroyed by the fire at ASP #1.

(c) The Class V(W) expenditure for the month was $39,000,000. Tonnage handled by the Ammunition Company, Supply Battalion was:

Total: 39,336 Short Tons
Daily Average: 1,311 Short Tons
d. Maintenance Situation

(1) On 18 April 1969, FMFPac published instructions and the listing of equipment to be included in the FY-70 FMFPac Equipment Rebuild Program. One significant change from the FY-69 program was addition of the 6,000 pound and 4,000 pound forklifts to the equipment rebuild list.

(2) The percent of III MAF densities of combat essential equipment for field maintenance in Force Logistic Command shops on 30 April 1969 is as follows:

<table>

(a) Communication/Electronics

(1) The majority of FY-69 R&E switchboards SB-86 and SB-22 have been distributed to III MAF units. Evacuation of exchange equipment has commenced.

(2) A limited 4th echelon maintenance section for the AN/TRL-97 Radio Set has been established at Maintenance Battalion, 1st Force Service Regiment. Training for repair personnel will be provided by RCA representatives.

(b) Engineers

(1) Nine Eimco Tractor engines were received during the month from MGSC Barstow and resulted in removal of nine tractors from deadline.

(2) The Commanding General, FMFPac approved PLC's request to make Eimco Tractors an exemption to the 60 day evacuation policy under the Maintenance Balance Program. Eimco Tractors will no longer be evacuated unless specifically required.

(c) Motor Transport

(1) The five ton vehicle deadline increased due to insufficient supply of LDS L65-1A engines.

Enclosure (1)
d. Ordnance

(1) The 3d and 5th 175 Gun Batteries have been placed into operation this month. This completes the phase-in of the 175mm Gun SP M-107.

(2) The fire suppression kit for the LVT family has been introduced. A team from MCSC Barstow has instructed personnel in the application of subject kits. Application will be accomplished by 1st Amtrac Battalion.

(3) The M-107-M110 phase III improvement kit instructions were held by the U. S. Army at Long Binh. Marine personnel from Maintenance Battalion and 3d Force Service Regiment, Okinawa attended.

e. Services Situation

(1) Boot Repair. Twenty-five pairs of boots were repaired for the month of April.

(2) Graves Registration. A total of 265 human remains were processed during the month of April. A total of 1,364 human remains have been processed thus far for the year. A combined total of 2,151 human remains has been processed by Graves Registration and other graves registration teams (USA).

(3) Laundry Processed. A total of 847,800 pounds of laundry were processed during the month of April.

(4) Bakery. Force Logistic Command bakeries produced a total of 854,952 pounds of bread during the month of April.

(5) Ice. Force Logistic Command produced 946,100 pounds of ice and procured 3,624,476 pounds of ice during the month.
f. Civil Affairs

(1) 1Apr69 - Force Logistic Command G-5 attended an I Corps Psychological Operations Conference at III Marine Amphibious Force Headquarters. Exploitation of the recently discovered grave-sites containing the bodies of Vietnamese civilian refugees from Hue city, murdered by the Viet Cong in February 1968, was discussed.

(2) 4Apr69 - A group of Army officers from MACV inspected security conditions at Force Logistic Command. Industrial Relations Office security procedures for Local National Civilians were thoroughly investigated and considered to be noteworthy.

(3) 4Apr69 - A conference with U.S. Army representatives was conducted relative to the construction of a Vietnamese prison in the Phu Loc area. A site has already been established and construction should begin soon.

(4) 11Apr69 - Another group of Viet Cong sympathizers were guests of the Chieu Hoi Hamlet #2. The Chieu Hoi Program was discussed in detail and hopefully these sympathizers will induce other ralliers.

(5) 28Apr69 - All civic action teams were dispatched to the vicinity of Hoa Phat Village, the scene of much destruction as a result of the explosions and fire at ASP #1. Over 2,000 homes were between 80% and 100% destroyed. Concerted efforts by all civic action teams in this area provided emergency relief and the people were moved back to their homes with a minimum of confusion. Reconstruction of the area continues.

(6) 30Apr69 - Three Buddha Shrines were removed from the new Maintenance Battalion area at the request of RMK contractors. Authorization to remove the shrines was obtained from the Hamlet Chief of Xuan Thieu.

g. Industrial Relations

(1) 14Apr69 - The III Marine Amphibious Force ordered all hiring of Local National Civilians to stop until further notice except on a one hired for one fired replacement basis.

h. Communication-Electronics

(1) On 12 April 1969 the Tandem Switch plan went into effect,
giving Red Beach telephone subscribers direct dialing capabilities throughout Vietnam. Quang Tri is not presently planned to go into the Tandem and remains as a manual switching area.

(2) On 27 April 1969, because of the fire at ASP #1, Camp Monahan and 3d Military Police Battalion were evacuated. All lines were knocked out. Radio communications were maintained with the operation bunker at Camp Monohan until personnel were evacuated. Approximately thirty-five percent of the equipment has been recovered, and expect to recover more as wreckage and live ordnance is cleared. It is anticipated that approximately thirty percent of the equipment was damaged but all is expected to be repairable.

1. Clubs

   (1) Commissioned Officers Mess (Open)

      (a) The COM (O) Command Advisory Group met on 7 April 1969.

      (b) The Commanding General approved dropping certain accounts to reconcile aged accounts receivable and payable.

      (c) The fire at Ammunition Supply Point #1 on 27 April resulted in minor structural damage with no merchandise or property loss.

      (d) The Gross sales for the period are:

                  Merchandise: $6,213.25

(5) Clubs System

(a) Investigations and claims are being prepared for submission through the Composite Insurance Program on losses sustained as a result of the fire at ASP #1 on 27 April 1969. It is estimated that investigations and claims will be submitted by 20 May 1969.

(b) On 26 April 1969, a complete report to include names, rank, serial numbers and dates of all Treasurers and Branch Managers was made to Commanding General, III MAF. This report is in connection with the Senate Investigating Sub-Committee on non-appropriated fund activities. Major T. F. CONWAY, Clubs Officer, has been nominated as the Contact Officer for this Command.

(c) Drafts of the Clubs SOP and Central Service Agency SOP were forwarded to Commanding General for approval during this period. It is anticipated both SOP's will be in finished form by 20 May 1969.

(d) It is anticipated that gross and net percentages will show a slight decrease during the next several months for the COM(O) and SNCO Clubs. This will be caused by the increased sale of beer and soda. Beer and soda have considerable less gross profit than whiskey, thus, a higher ratio of beer and soda sales will decrease overall gross and net percentages.

J. Disbursing

(1) During the month of April 1969, the FLC Disbursing Office provided support for all Force Logistic Command units at Red Beach, the money conversion center at the III MAF Transient Facility and the 5th and 7th Communications Battalions, III MAF. The FLC Disbursing augmented the 3d Marine Division for support of FLSG-B, MAG-12 for the support of SU #1, H&SCo, Sup Bn, and the USS Repose and USS Sanctuary for the support of all hospitalized Marines.
(2) Significant Statistics

(m) Military Piaster sales $12,082.27
(n) Other Piaster sales $13,426.38
(o) Sales of Treasurer Checks for MPC $1,584.05

k. Engineer/Construction

(1) Construction of Maintenance Battalion, new area:
   (a) Industrial Area 80% Complete
   (b) North Cantonment 100% Complete
   (c) South Cantonment and Messhall 50% Complete

(2) Construction, FLSG Bravo, Quang Tri
   (a) Cantonment Area 95% Complete
   (b) Industrial Area 75% Complete

(3) Camp Books, Automated Services Center - 100% Complete

(4) Camp Books - During this period, surfacing of T-Storage Lot was completed.

(5) Chu Lai - Plans for scale down and turn over of excess facilities completed, reference CG, FLC ltr 4/JJC/dtr over 11000.2 of 1May69.

(6) Construction forces estimate the reconstruction of 3d Military Police Battalion, Camp Monahan and the III MAF R&R & Transient Facility will be completed by 15 June 1969.
1. Medical

(1) The Command Surgeon, LCDR Guido J. DI BENEDETTO, MC, USNR; H&S Battalion Surgeon, Lt R. S. BIVIANO, MC, USNR; and Supply Battalion Surgeon, Lt M. H. MARGOLIS, MC, USNR; were awarded the Vietnamese Medal of Honor, 1st Class, by Lieutenant General LAM, the Vietnamese I Corps Commander, for their work at the Children's Hospital.

(2) The Battalion Aid Stations at Camp Monahan and 3d Military Police Battalion were totally destroyed as a result of the fire and explosions at ASP #1 on 27 April 1969. While 3d MP Bn was able to save their health records, Camp Monahan's were lost in the fire.

(3) One-third of the ceiling at the Children's Hospital, Camp Books fell as a result of the shock waves from the explosions at ASP #1. Due to the quick actions of the Hospital Corpsmen assigned, all patients were moved from the ward; no casualties resulted. The hospital continued to function and the patients were returned to the main ward in less than 24 hours.

(4) There are definite field sanitation problems posed by the destruction of Camp Monahan and 3d MP Bn; however, the Preventive Medicine Section has instructed working parties in regards to the necessary precautions to take and have increased the Pest and Rodent Control Programs, because of the make-shift living conditions.

(5) The following dignitaries visited the Children's Hospital during the month of April:

14 April - Lieutenant General WALT, Assistant CMC
15 April - Captain JOHNSON, MC, USN, Deputy MACV Surgeon and Captain STOVERS, MC, USN, III MAF Surgeon.
23 April - Rear Admiral NORRIS, MC, USN, Bureau of Medicine and Surgery
30 April - Brigadier General WEINSTEIN, USMCR

m. Motor Transport

(1) During the period, an on base spot vehicle inspection station was established in an effort to curtail misuse and decrease the deadline rate of U-drive vehicles.

n. Purchasing and Contracting

(1) Purchases were made and contracts awarded to commercial sources during 1-30 April 1969 for items requested by I Corps Units in the amount of $283,039.65. These are broken down as follows:
